# FIVE STAR MORTGAGE PROFESSIONAL AWARD

## Program Summary and Research Methodology

### PROGRAM SUMMARY

Five Star Professional conducts market-specific research throughout the U.S. and Canada to identify service professionals who provide quality services to their clients.

Founded in 2003, the Five Star Mortgage Professional program is the largest and most widely published mortgage award program in North America, covering more than 45 major markets. Five Star Mortgage Professions for each market are listed at no cost on [fivestarpromotional.com](http://fivestarpromotional.com)

Five Star award winners do not pay a fee to be included in the research or the final list of award recipients. The chart in Appendix A provides a summary of the Five Star Mortgage Professionals award program.

### RESEARCH OBJECTIVE

The research objective is to develop a list of mortgage professionals in each market who satisfy objective criteria that are associated with providing quality services to clients. To receive the Five Star Mortgage Professions award, a mortgage professional must satisfy five objective eligibility and evaluation criteria that are associated with mortgage professionals who provide quality services to their clients. The award process is conducted annually in each market. The final list of award recipients is not intended to be exhaustive.

### RESEARCH METHODOLOGY

The following steps define the process used to ensure that the research objective is met:

#### • Award Candidate Identification Process

The candidate selection process is designed to identify the broadest possible population of high-quality award candidates to ensure that eventual award winners have been drawn from a large and diverse pool. Award candidates are identified by one of three sources: consumer evaluations, peer evaluations, and a review of online consumer evaluation websites. Self-nominations are not accepted.

---

#### 1. Define Research Geography

We define the geographic bounds of each market, with some research areas limited to cities and others covering larger regions that stretch beyond any one metro area. This is typically a list of counties but may also include a list of zip codes.

---

#### 2. Partner with Third Party to Administer Surveys

Once the geography has been determined, we partner with a third party to administer surveys to the audience. The third party manages the distribution of surveys to recent homebuyers and sellers using their proprietary data sources.

### 3. Solicit Recent Homebuyer Evaluations

Five Star Professional administers a survey. Clients of mortgage professionals may also submit evaluations online. Each respondent is asked to evaluate only mortgage professionals with whom they have worked and evaluate them based upon five criteria: customer service, integrity, communication, product and service options, and overall satisfaction. Additionally, respondents are asked whether they would recommend the professional to a friend. This information is incorporated into a client scoring algorithm as a cross check against their average rating.

---

### 4. Solicit Industry Peer Evaluations

Five Star Professional administers a survey by email to industry peers and professionals (mortgage professionals, insurance professionals and real estate professionals). Each respondent is asked to evaluate mortgage professionals with whom they have worked or have close, intimate knowledge of their business practice. Respondents are asked to evaluate them based upon four criteria:

Customer service skills, integrity, communication skills, preparation to detail and attention to detail. Additionally, respondents are asked whether they would recommend the agent to a friend if they were unable to provide mortgage services.

---

### 5. Review of Online Consumer Evaluations

Five Star Professional works with 3rd party data sources to analyze online consumer evaluations of professionals in a market area. A select group of professionals that have demonstrated favorable reviews will be identified as award candidates. All candidates will be reviewed by a panel of industry experts prior to being named an award recipient (see section on Blue Ribbon Panel review).

---

### 6. Verify Award Candidate License and Contact Information

Each award candidate is matched to a regional or national license number. Once found on the applicable license/ registration site, each mortgage professional's license status (active or non-active) and disciplinary history are noted. To be named a Five Star Mortgage Professional, an individual must hold a current mortgage license and be in good standing.

Five Star Professional employees identify with contact information, using company and other directories.

---

### 7. Assign Evaluation Score

After the consumer and peer evaluation surveys and prequalified candidates are identified, all candidates are reviewed by a panel of industry peers – the Blue-Ribbon Panel review. Each Blue-Ribbon Panel review member is given a portion of the candidate list to review. Each candidate is reviewed based on their commitment to professional excellence in the industry and demonstration of superior client service. Blue Ribbon Panel review members are asked to remove candidates they feel are not worthy of award consideration. Safeguards are in place to ensure a single panel member is unable to remove a candidate from consideration. Once all evaluations and panel reviews are complete, the mortgage professionals license, regulatory history, and contact information are determined; each mortgage professional is given an Evaluation Score. Both favorable and unfavorable evaluations are incorporated. Safeguards are in place to eliminate any bias including self-nominating, “back-scratching,” and “stuffing the ballot.”

## AWARD LIST PUBLICATION

Five Star Mortgage Professionals are listed at [fivestarprofessional.com](http://fivestarprofessional.com).

Additionally, Five Star Professional may publish a special section in local print media (magazines or newspapers) that outlines the research and selection process and offers award winners optional opportunities for publication. Mortgage Professionals do not pay a fee to be included in the research process or to be named a Five Star Mortgage Professional. In connection with publication of the article, mortgage professionals may elect to pay a fee to include certain profile information in the special section. For additional fees, Five Star Professional will provide mortgage professionals with other tools to further publicize being named a Five Star Mortgage Professional. A mortgage professional's purchase of a profile or other services does not influence Five Star Professional's determination whether to include or exclude a particular mortgage professional agent from any list of Five Star Mortgage Professionals.
